Patient Application Form

WELCOME and THANK YOU for applying as a patient to our clinic. Our office specializes in research-based spinal and postural rehabilitation. These methods have enabled our patients to achieve their optimal health; even when many other systems have failed. Because of this specialized approach, we may not accept you as a patient until we are absolutely certain we know the cause of your condition, that we can perform the necessary tests to establish an optimal rehabilitation program for you, and you are completely confident we can help you recover your health. Please know if we do accept you as a patient, we will then make specific recommendations based upon our understanding that your health will become your TOP PRIORITY. Thank you again for applying as a patient in our clinic.

Terms of Acceptance / Informed Consent

I authorize and agree to allow the doctor and/or his designated staff to work with my spine through the use of spinal adjustments and rehabilitative exercises for the sole purpose of postural and structural restoration of normal biomechanical and neurological function.

We do not offer to diagnose or treat any disease or condition other than vertebral subluxations. However, if during the course of a chiropractic spinal examination we encounter a non-chiropractic or unusual findings, we will advise the patient. If the patient requires specific diagnosis or treatment of those findings, we will recommend that they seek the services of another health care provider who specializes in that area. We do not promise to guarantee certain results or cure ailments. Additionally, as with any health care treatment, chiropractic treatment involves certain complications or risks. These possibly include, but are not limited to, the following: stiffness or soreness; muscle strain or spasms; aggravation or an increase of symptoms; disc injuries; dislocations; fractures; and stroke. Please also note that remaining untreated may also involve certain risks and may hinder the success of any future treatment.

The doctor and/or his staff will not be held responsible for any health conditions or diagnoses which are pre-existing, given by another healthcare practitioner, or are not related to the structural conditions diagnoses at the clinic.

I have read the above terms and informed consent. I intend for my signature below to cover terms and informed consent for my the entire course of my treatment. I wish to rely on the doctor to exercise his best judgment during the course of my treatment to accomplish what he feels to be in my best interests. **Do not sign until you have read and understand the above terms and informed consent.**

Assignment / Authorization

We may accept assignment of insurance benefits. By signing this policy, you agree to assign your insurance benefits to this clinic. In no case will an assignment alleviate you of your obligation for payment of services received.

Your insurance plan is a contract between you and your insurance company. This clinic is not party to that contract and therefore cannot modify the terms of that contract. Payment for treatment you receive from this clinic is your responsibility whether your insurance pays or not. We cannot bill your insurance company unless you provide us with the necessary billing information, assign your benefits to this clinic and agree to permit us to release the necessary medical information required to secure payment. In the event we do accept assignment of benefits, we may require that you provide a credit card with authorization to bill that account any balance or make other payment arrangements. We will make every effort to ensure that your insurance carrier properly processes your services for payment.

I clearly understand that all insurance coverage is an arrangement between my insurance carrier and myself. If this office chooses to bill for any services that they are performing, these services are strictly as a convenience to me. The doctor's office will provide any necessary reports or required information to aid in insurance reimbursement of services, but I understand that insurance carriers may deny my claims and that I am ultimately responsible for any unpaid balances. Any monies received will be credited to my account. **My signature indicates my understanding and agreement to the policies stated above.**

What to expect after the first visit

Please read the following information carefully. Sign the bottom of the sheet to indicate that you understand the instructions and information given.

1. If you have never been adjusted, or if it has been some time since your last adjustment, you may experience soreness or discomfort for a few hours to a few days as your muscle acclimate to the proper spinal position.
2. If you are sore, Dr. Kraft may recommend either ice or moist heat application to help with your healing. When recommended, ice or moist heat (i.e. shower, bath, moist heating pad) should be used for no more that 15 minutes per hour. Do not apply ice directly to bare skin, always protect your skin with a thin covering such as a shirt or towel.
3. Do not use dry heat or analgesic rubs (i.e Icy Hot, BenGay, etc.) for your spinal condition as it will cause further swelling and increased discomfort.
4. Avoid heavy lifting or repetitive movements until Dr. Kraft indicates that you are ready for normal activity.
5. Unless indicated by Dr. Kraft, you may return to work/school after your appointment. It is best to rest after an adjustment to help retain its position.
6. Healing takes time. Please be patient with your progress as most spinal problems have degenerated to the point of symptoms over many years. Dr. Kraft appreciates your communication.
7. Appointment scheduling is appreciated to track your care plan, your progress, and to deliver the highest quality of care for you.
8. If a sudden movement causes discomfort, or if you experience any relapse of your problem, please contact Kraft Chiropractic at (248) 740-9100. The office number is covered after hours as well.

I have read and understand the instructions given for my follow up care.
